FROCA

POR UN MUNDO MEJOR · FOR A BETTER WORLD

100% Fabricado a partir de botellas de plástico recicladas
100% Produced from recycled plastic bottles

SOLO CON AGUA · JUST WITH WATER
Fabricado con tecnología que permite su limpieza solo con agua
Manufactured with technology that allows cleaning only with water

**JUST
with
WATER**

Retira el exceso de producto derramado sobre el tejido (Si se trata de tintas, frota con un paño seco).

Moja con agua la mancha hasta que el tejido quede húmedo pero sin llegar a empaparlo. Para ello puedes verter directamente el agua o utilizar un paño o tisú. Esperar unos segundos.

Presiona sobre el tejido manchado con el paño y a continuación frota suavemente el tejido con movimientos circulares hasta hacer desaparecer la mancha.

Si la mancha no desaparece del todo, puedes volver a repetir el proceso las veces que sea necesario ya que al no utilizar productos químicos tu tejido no se dañará.

SUSTAINABLE FABRICS

1. BOTELLAS DE PLÁSTICO PET

El primer paso es recoger y lavar las botellas de PET.

PET PLASTIC BOTTLES

The first step is to collect and wash the PET bottles.

2.

BOTELLAS Y TAPONES

Despojados de sus etiquetas y tapones, son aplastados.

BOTTLE & TAP SCRAPS

Stripped of their labels and caps, they are crushed to pieces.

6.

TELAS

Las telas están hechas de las fibras procesadas.

FABRICS

Textile fabrics are made from the processed fibers.

5.

FIBRA PROCESADA

Las fibras están rizadas, cortadas y estiradas.

PROCESSED FIBER

The fibers are crimped, cut, drawn and stretched.

4.

FIBRA

Las virutas se funden y se extruyen en fibras.

FIBER

The chips are melted and extruded into fibers.

3.

VIRUTAS

Las sobras se cortan en escamas, se disuelven y se convierte en virutas.

CHIPS

The scraps are chopped into flakes, melted and made into chips.
